Subject: March Monthly Report

International Women’s Day – Thursday, March 8th

For International Women’s Day, SABVC passed out roses and other flowers to women around campus – including faculty and other staff. It was a great way to show the women in Bow Valley College that they are appreciated.

Academic Council Committee – Thursday, March 8th

There were several overviews presented today, including one for the School of Global Access and the Chiu School of Business. It was a very informative meeting.

Student Info Night – Monday, March 19th

This was a night for prospective students looking into the programs offered in the Chiu School of Business. I dropped by and asked if they would like a representative of the Students’ Association to stay and talk to people about different things within the college. I stayed for several hours and told a lot of students about what the Association is and how they can get involved on campus. It was a great night.

General Council Meeting – Friday, March 23rd

In council we talked about potential issues with clubs and how to prevent damages in the future. Shorena gave us an update on events the Student Life Committee is planning including a year end party, and a Banff trip. The council discussed costs for both events. We also decided to leave \$1,000 for the next VP of Student Life for events within the months of May and June.

Thank you
